

VLAD-EMIL FLORE

Senior Full Stack Engineer

Nürnberg, Germany

flore.vlad@gmail.com

DETAILS

Nationality

Romanian

Date of birth

15.11.1985

PROFILE

I am a Senior Full Stack Engineer holding a **Bachelor** and a **Master** in **Computer Science** and being professionally active in this field since 2008. In my professional work, I focused mainly on **Web Development**, **Backend** as well as **Frontend**. In the last 6 years, I have been also working as a **Technical Consultant**, offering implementation and consulting services to different clients, most of them being in Germany.

I am an **Oracle Certified Professional Java SE 8 Programmer** and I enjoy learning new things and taking on new endeavours. A big part of my spare time I dedicate to expanding my knowledge, which is why I continuously attend various courses and programs offered by online learning platforms like **Coursera**, **Edx**, **JetBrains Academy**, **Udacity** or **Udemy**. When time allows it, I also attend and present at **technical conferences**.

EMPLOYMENT HISTORY

Senior Technical Consultant, virtual7 GmbH, Nürnberg

2014 – 2020

In this period of time, I worked mostly for German clients, on-site and remote, having the positions mentioned below. Other than that, I held a couple of presentations (see Conferences section) and worked on some internal projects.

May 29th, 2020

To Whom It May Concern,

It is with great pleasure that I am writing this recommendation letter for Mr. Vlad Flore. I have known Mr. Vlad Flore on a professional level for two years now. During this time, I found him to be detail oriented and a solid and dependable professional. He would strive to understand the background and objectives regarding his assignments and ensure that they get done on time.

He is very proactive, approaches tasks with the right priority, does not need supervision but seeks help when needed. He communicates well and is very collaborative, he loves to learn and teach.

Mr. Vlad Flore has been working at virtual7 since 2008, when he joined the company as a young talent. Since then he has continued to grow and develop and has never stopped being curious and interested in everything that is new in the IT market, and now he's become a senior technical consultant very appreciated in his area of expertise.

Mr. Flore also held many presentations, internal and external, participated in trainings, internal and external and specialized in various fields, also obtaining several certifications. As external presentations I would like to mention that he held twice a conference, in 2015 and 2017 at DOAG (Deutsche Oracle-Anwendergruppe).

He worked on various projects, with different technologies, mainly with Java and Oracle WebCenter Content (Content Management System from Oracle).

After 2014 Mr.Vlad Flore, started to work as a detachment in Germany which taught him to work in an international and multicultural environment.

In all these 11 years of collaboration in Romania, Mr. Vlad Flore proved to be a great colleague, a perfect professional, a person you could always rely on.

He has visited and worked with colleagues from different backgrounds in different countries and is very approachable. He is a natural problem solver. I highly recommend him and i believe that he will be a big asset to any team he works with. I wish him all the best.

Sincerely,

Catalina Hritcu
HR Business Partner
